Fall Advisory Meeting

The Adult Career Center participated in the building-wide fall Business and Industry Advisory Meeting on Thursday, October 24, 2012. Our staff hosted their business partners to discuss enrollment, retention, curriculum, recruitment and marketing strategies. The Adult Career Center spring meeting will be held in May.

Triumph Aero Space Corporation, Forest

Ralph Bentley, Program Developer, in partnership with Ohio State University, coordinated training at Triumph Aero Space Corporation, Forest. The 16-hour class includes Basic Machine, Machine Operation and GD&T Class.

The class, being taught by Ralph is a combination of class room and hands on training for employees working the second shift. OSU and Triumph have both worked with the Adult Career Center for many years to supply their training needs.
