GRADUATION

Friends and family attended The Adult Career Center Recognition Ceremony on Monday, June 9, 2008 that recognized students completing full-time career development programs. The students received a career passport containing a certificate, assessment scores, resumes, competencies, grades and industry credentials. Adult Basic Education students who passed their GED were also recognized. They have received their Ohio School Equivalency Diploma from the State Department of Education.

The program included a Welcome by Superintendent, Bill Aubuchon and Congratulations from Kathryn Karpus, Board President. A student from each program spoke about their experience at Lorain County JVS. Peggy recognized the staff members for their significant contributions. John Nolan closed the program with a motivational message.

RECRUITMENT

On June 23 our Career Development flier was mailed out to all Lorain County residents. The attached flier highlights our job training programs. A new program added this year is the 1800-hour Cosmetology and Manager's Training Course. The staff has begun admission and financial aid appointments.

Our Fall 2008 course catalog is scheduled to be mailed in July. This catalog will advertise our career development programs and include our career enhancement and special interest classes.

ECONOMIC DEVELOPMENT

Lorain Automotive

Program Developer, Russ Beach, coordinated a 20-hour ISO 14001 course for eight employees of Lorain Automotive. This training was necessary for the company to retain their certification as a 3 tier supplier for the auto industry; and is the standard for environmental safety and procedures. This course was financially supported by Lorain County Growth Partnership Project TEN.
